Mateshwari Prasad Verma

mateshwari33@gmail.com | Ph. No. (+91)885-395-2715

About: *I describe myself as someone who's persistent, a quick learner and loves problem solving by using simple and scalable solutions. I've been working as a Software Engineer in Tech Vedika Software Pvt.Ltd ,Hyderabad since Nov ,2020. I have also done one Internship as a Python Developer at NeuraltechSoft Software Pvt. Ltd ,Mumbai From Jan 2020 to March 2020*

Work Experience

Software Engineer
At Tech Vedika ,Hyderabad
Nov 2020 – Present

- Working on Live Web Project based on MERN Stack Technology.
- Designing UI and API Integration using ReactJs.
- Creating Rest-Full API using NodeJs and MYSQL/MongoDB.

Python Development Intern
At Neuraltechsoft,Mumbai
Jan 2020 – March 2020

- Worked on Algo Trading
- Technical analysis on stock market using machine learning algorithm and statics .
- Developed an algorithm for automatic trading via interractivebrokers.com
- Tools: Python,IB API ,Numpy ,Pandas,Django, Matplotlib,chartit

Education

SR Institute of Management and Technology Lucknow

- B.Tech -(CSE)
- Aggregate- 80% (Till 7th semester)
- JULY 2016 – JULY 2020

CMS, Balrampur

- Intermediate - (PCM)
- Percentile – 86% (UP Board)
- April 2012 – April 2014

Certificates

- Problem Solving from NPTEL(IIT Kharagpur)
- Python Trainee from Internshala
- Data Structure from Coding Ninjas
- ML Trainee From Geeks for Geeks
- Web Development from Coding Ninjas

Technical skills

PROGRAMMING

- Core Python
- Java Script
- Mysql/MongoDb
- C++(Fundamental)

FRAMEWORK/TOOLS

- Django
- NodeJs
- React Js
- Material UI
- VS Code
- Git

RELEVANT SKILLS

- Data Structure and Algorithm
- Web Developement
- Machine Learning

Projects

Professional Portfolio | React App
Link: Professional Portfolio

- Created an online Professional web Portfolio.
- Included all my updated certifications, Projects,skill s, work experience .

Fun Academy Portal | MERN App
Link: **Fun Academy Portal**

- Fun Academy is an e-Learning portal with fun.
- Solving Puzzles,Aptitude, reasoning based learning module and some fun App.
- Its my startup and worked on with team.

YouTube Clone | MERN App
Link : **YouTube Clone**

- Design UI and functionality just like YouTube .
- Integrated YouTube API in ReactJs and used firebox for server side .

Social Network | MERN App
Link : **Social Network**

- Design UI and functionality just like Instagram in ReactJs, NodeJs,Mongodb.
- Login with Google/email Account (Progress) .

ACHIEVEMENT

- **Five Start in Problem Solving at HackerRank .**
- **Five Start in Python Langauge at HackerRank. (AIR-400 over 4M Developer at Hackerrank)**
- **for Indeed Hiring Coding Contest April 2019 Secured AIR-259   at Hackerearth Plateform .**
- **Recieved Academic Excellence Award for Maths gaining 100% marks in UPTU Semester Exam.**

- **Github : [mvp33](mvp33)**
- **Portfolio: Professional Portfolio**

Position Held

- **CODING CONTEST HEAD :**
  SRIMT Technical Fest 2019
- **CORE CO-ORDINATOR :**
  Debugging- Coding event
  (SRIMT NEXXPLORA 2K19)

EXTRA ACTIVITIE

- **Organised various events in SRIMT CODING CONTEST at Hackerrank platform(Link)**
- **Attended various events on Hackerearth Patform(Link)**
- **Member of Core Committee at Engineer's day event(SRIMT).**
- **Attended workshop on Machine Learning(SRIMT)**
